

Thursday, February 28, 2019

There is only 14 days (this includes weekends) until the end of the quarter on March 14.
 You need to make sure that you are caught up in all you classes.
 Time is going fast, manage it well.

| Subject | In Class | Homework |
|---|--|--|
|  <p>English</p> | <ul style="list-style-type: none"> • Edit Packet • Corrections • New Seating | <p>READ TONIGHT</p> <p>Retake Quiz - Friday (anyone that did not pass)</p> |
| <p>Math</p>  | <p>2nd and 3rd hours: Laws of exponents - power rule review, power of products, and power of quotients rules. Finished study guide. Learned the zero exponent rule. Reviewed combining like terms and exponent rules. Watch out when you do combining like terms.</p> <p>4th and 6th Hours: Laws of exponents - power rule review, power of products, and power of quotients rules. Finished study guide. Learned the zero exponent rule. Reviewed combining like terms and exponent rules. Watch out when you do combining like terms.</p> <p>5th hour: study guide (graphic organizer) pages for reducing fractions and examples.</p> | <p>2nd and 3rd hours: Start studying for your test at the end of next week.</p> <p><u>Choice of assignment:</u> triangles or heart. You will have 15 minutes to finish in class Friday, but it will not be accepted late unless arrangements were made with me.</p> <p>4th and 6th Hours: Start studying for your test at the end of next week.</p> <p><u>Choice of assignment:</u> triangles or heart. You will have 15 minutes to finish in class Friday, but it will not be accepted late unless arrangements were made with me.</p> <p>5th hour: page 198 14-21, 28-39</p> <p>Missing work Review divisibility rules, prime numbers, prime factorization, GCF and reducing fractions using prime factorization.</p> |
